

High Standards. Fully Loaded

Walk-in Van Bodies
with Workhorse Custom Chassis

**MORGAN
OLSON**

The E-track moves up and down for easy customization.

Our cargo packages attach and adjust to the vertical sidewall stiffeners, using spring-loaded nuts, for infinite flexibility.

Cargo shelving available in a fixed or folding position.

Durable and Reliable.

By teaming up with Workhorse Custom Chassis, we are able to provide you the most durable and long-lasting aluminum delivery vehicle in the industry today. With a wide array of standard features and available options to choose from, we personalize your order to meet your business's needs.
